

Pavco

Selected Facilities Planning Services TO OPTIMIZE THEIR LABORATORY PROCESS ENVIRONMENT

Pavco Incorporated has been a leading developer and supplier of chemistries for the metal finishing industry since 1948. Their focus is on development of new and innovative electroplating processes for the most productive and profitable solutions available.

Owner Mr. T. Craig Pavlish under pressures of their impressive growth selected Facilities Planning Services to assist in the development of their new modern laboratory. The FPS Facility Planner worked closely with the Pavco Facilities Manager, Mr. Lewis Wright to make sure we could smoothly support the projected demands on the laboratory environment with quick access to safety features.

Facilities Planning Services truly values the hundreds of manufacturing and distribution organizations that have trusted us with such assignments over the past four plus decades. Many informed manufacturing and distribution turn-around visionaries have come to trust FPS to capture visions, develop solutions, and construct future realities with tenacity. Lets talk today on how FPS can be your partner in designing and implementing timely practical efficient solutions for you.
